

## EQ3 Introduces Fall Bedroom Collections

FOR IMMEDIATE RELEASE – Canada – EQ3’s Fall/Winter 2018 Collection offers new finishes for their mid-century modern bedroom collections, perfect for any home environment.

The timeless Marcel bedroom collection highlights the warmth and natural wood-detailing of solid walnut and now solid oak, with a mid-century modern appeal. The bed is seemingly light and sits low to the ground, while allowing enough space for storage. The bed also features a traditional trestle base and a solid oak continuous louvered pull.

The Marcel Bed in Oak

The new Monarch collection is highlighted by solid walnut wood dowels that articulate a sense of refinement. The bed's slatted headboard makes a strong statement in any bedroom.

The Monarch Collection in Walnut

The Marcel Collection and Monarch Collection were designed by Matthew Kroeker, an independent industrial designer based in Winnipeg, Canada.

## **ABOUT EQ3**

Founded in 2001, EQ3 is a Canadian-based retailer and manufacturer committed to quality craftsmanship. EQ3 champions original design, domestic manufacturing and promotes a Canadian perspective on home furnishings within a modern environment.
