## PAUL MONTGOMERY TO SHOW AT HIGH POINT FOR FIRST TIME

### About Paul Montgomery

A consummate muralist, Paul Montgomery has been painting interiors for over fifty years, and selling bespoke Chinoiserie and European Panoramic murals for almost as long. Specializing in creating custom designs, Montgomery relishes working with designers to create unique art for fine interiors. Top designers go to Paul Montgomery knowing they will get the highest quality designs, materials and service.

Now, for the first time, Paul Montgomery will be showing at High Point Market to make his extensive library of fine murals available to be seen first hand. The “Peonies and Blossoms” design will be displayed as a full mural, painted on hand laid metal leaf paper. A multitude of samples showing various color ways and alternate substrates will be on hand for designers to learn about what Montgomery can offer.

For the opportunity to see these fine murals in person, visit booth #M7054 in the Mezzanine at The Suites at Market Square from October 13th to 17th.
