FOR IMMEDIATE RELEASE

SUNPAN Expands Outdoor Collection with Addition of New Furnishings and Accent Pieces

Toronto, Canada, [February 15, 2022] - With increasing demand for outdoor furnishings, SUNPAN has introduced new categories to its outdoor collection, including a variety of accent pieces.

“Consumer trends continue to express the desire for well outfitted outdoor spaces. To date, our outdoor pieces have been incredibly successful and well-received,” said SUNPAN President and CEO Sundeep Bagga. “Our sourcing and design teams have developed a wide range of pieces to decorate outdoor living and dining spaces, and we are pleased to share these newest additions to the collection.”

Since its initial launch in early Spring last year, the collection has rapidly grown to include over 180 SKUs. The expanded collection now boasts a diverse range of products including dining tables, dining chairs, occasional tables, lounge seating and accents that highlight SUNPAN’s modern and contemporary style expressions.

SUNPAN is also dedicated to offering more products with sustainable elements without compromising the company’s mission of creating modern, contemporary, and transitional furnishings.

The Outdoor by SUNPAN collection includes a selection of on-trend, thoughtfully designed pieces made with sustainable materials. The collection offers refined versatility as these items are also designed to be ideal for indoor use.

The newly added selection of rugs is created using PET Yarn, a moisture repellent material that is made to last. In addition, stylish concrete planters are ideal for incorporating greenery in any space. The collection also includes the use of SVLK-certified Grade A teak wood, a durable material that is ethically sourced from Indonesia using sustainable forestry practices.

Customers are invited to view the collection at our Toronto and High Point showrooms. To book an appointment, please [click here](#).

Customers are also encouraged to order and reserve items now to avoid potential freight delays. Live inventory and ETA can be viewed through approved accounts on <https://sunpan.com/>
