OCTOBER 2022 INTRODUCTIONS

WHITE

nimbus

Square Cocktail Table

The opulent Nimbus Square Cocktail Table by Jonathan Charles is a luxurious showstopper for gathering spaces. Traditional European design meets contemporary sentiments in Nimbus's clipped corner design featuring angled edges bolstered by a pair of square tapered legs with fluting. A hand-carved apron adorned with delicate blooms hugs the inlay glass top, through which one can admire the intricate cane inlay design of a bottom shelf. Nimbus's Oak frame is finished in Jonathan Charles' signature Washed Nordic Wheat with light distressing that enhances its hand-carved features.

banyon

Console Table

A table conceived from regal elegance and destined to endure for generations, the Banyon Console Table from Jonathan Charles is an extraordinary work of art. Expertly honed from Oak by the hands of master craftsmen and women, Banyon is a visual feast of classic forms and ornately carved details. Stately columns on either end are supported by a curvaceous lower brace holding three central columns, all embellished with elegant linework and decorative shapes. Not to be outdone, the apron is adorned with an intricate scallop pattern encasing each side of Banyon's impressive 80" long top. Naturally finished in Stripped Oak, Banyon effortlessly complements modern or traditional spaces, cutting a striking and powerful profile.

boca

Rectangular End Table

A table that rejects the notion of existing as a mere surface, Boca is an endearing revitalization of the classic end table. Its masterfully articulated wavy lip is as eye-catching as it is functional, rising at the crests to a useful 3" to prevent accidental spill over. Beyond the waves under a single pane of glass, hand-layered natural grasscloth offers dynamic views from above. Boca's hardwood frame is fashioned in Oak and soaked in dreamy Chalk White finish for a sophisticated look that elevates transitional and modern living spaces.

SERENE

shimmering moon

Bow Front Chest

The Shimmering Moon bow front chest from Jonathan Charles' esteemed Serene portfolio is the pinnacle of ornamental expression. Hand painted nature scenes dance across a blanket of glistening silver leaf in a masterful display of luminosity and depth that ignites fascination and draws the eye from across the room. The wood frame is topped by a recessed glass pane and contains three soft-close drawers, each adorned with two acrylic gold-accented handles. Built by Jonathan Charles' world-renowned craftsmen and women, this chest possesses the long-lasting value and quality construction characteristic of heirloom antiques. A unique and cherished statement piece, Shimmering Moon will serve as an enchanting presence for generations.

aerial

Upholstered Panel King Bed

A classic-inspired design hallmarked by its striking curves, the Aerial Upholstered Panel Bed is a modern take on the lavish beds of Victorian royals. Its crowning achievement is an awe-inspiring headboard rising over 83" inches high that mimics a tower of clouds with its curvaceous silhouette. Swatched in a whimsical patterned fabric against a white upholstered frame, Aerial is resplendently feminine and luxurious with the long-lasting quality reserved for heirloom furniture.

watercolor

Woven Front Credenza

The Watercolor Woven Front Credenza, built by the distinguished artisans of Jonathan Charles, is a masterpiece of impeccable craftsmanship and ingenious design. Its Oak case is adorned with four inset floating doors, each covered in woven grasscloth hand-dyed to create flowing illusions and chasms of colors that resemble a painted landscape. The streamlined profile finished in natural White Wash provides a sophisticated backdrop for Watercolor's dynamic facade. As functional as it is stylistic, this credenza offers plenty of interior storage at over 84" long with adjustable interior shelving and three convenient pull-out drawers in its center. Modern, elegant and undeniably unique, Watercolor is a stunning piece not easily comparable.

Dining Table

The hand built Seabed Dining Table from Jonathan Charles is a revolutionary design celebrating the natural world alongside the depths of human ingenuity. Fashioned out of harvested Oak in a White Wash finish, the solid top is gorgeously smooth and capable of extending up to 120" with the addition of two 18" leaves. Elevating the monolithic top are delightfully chunky supports on each end bracketed by offset posts that are adorned with beautifully haphazard line carvings. Seabed's form is primal and minimalistic, striking in its ingenuity and exquisite craftsmanship. Pairing spectacularly with polished concrete floors, minimalistic interiors and modern spaces, this statement-making table takes center stage at any dining or entertaining event.

TIMELESS

eden

Carved Wall Mirror

A modern take on the grandiose Victorian mirrors of Old World Europe, Eden is a fantastical vision of exquisite craftsmanship. Handmade by the world renowned furniture artisans of Jonathan Charles, this opulent wall mirror features a solid Oak frame adorned with intricately carved flourishes and rosebuds that climb to a magnificent crescendo at its crown. Eden's boldest design feature is the absence of metallic gilding in favor of a natural Bleached Chestnut finish that showcases the natural wood detail. This contemporary aesthetic beautifully contrasts with Eden's traditional motifs for a stirring and evocative wall mirror that ensnares the viewer.

spindle

Flip Top Convertible Table

An impressive feat of hand-engineering, Spindle is one of Jonathan Charles' most versatile occasional pieces. Capable of functioning as a table or console, the 53" by 16" top houses two additional panels that flip out to double Spindle's surface area to 32". Two pull-out drawers with brass hardware and a lower shelf provide storage while whimsical, hand-turned spindle legs on each end add a touch of traditional styling and refinement. Enhancing Spindle's versatility, the lower shelf and upper leg sections can be removed for use as a coffee table in narrow spaces. A thirsty Stripped Brown Chestnut finish brings out the natural characteristics of solid Oak and incorporates an organic sentiment to this sophisticated piece.

lintel

Floor Mirror

At first glance, the Lintel Floor Mirror appears as a portal to the mysterious imaginings of Old Lore. Encased in a natural Stripped Brown Chestnut frame, Lintel's misty églomisé surface features a grid whose lines fade in and out of existence as they traverse from one side to the other. Towering over its subjects at 84" tall, Lintel is imposing and resplendent, demanding attention from every angle.
