ARTISAN TABLE COLLECTION - A STRIKING COLLABORATION BETWEEN VANCOLLIER
AND WENDY CONCANNON PHOTOGRAPHY

High Point, NC – A striking collaboration between vanCollier and Wendy Concannon Photography leads to an artistic homage with a collection of jewel-like occasional tables. They're a total knockout!

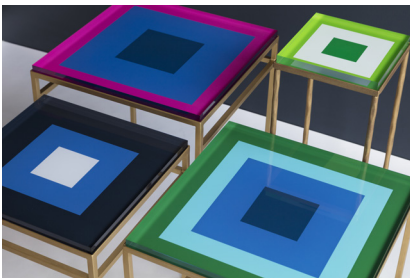

Concannon is a renown photographer whose gallery of bold art beckons you into a world of bright and colorful work. vanCollier's custom furniture and accessory line always draws in chic style oracles.

The result are three designs named for the artists that inspired them: the Ellsworth drinks table, the Rothko side table and Mondrian nesting tables.

The design marries the bespoke hand rubbed gold finish of vanCollier's designs with the Machine Age gleam of Concannon's color drenched block prints.

The tables can be customized with hammered or square bar and custom finishes are also available. The glossy table tops feature an original art print mounted behind a 1" block of acrylic glass. There are over 50 brightly colored geometric designs to choose from.

Price: MSRP begins at \$850.
