COLLECTIONS
by Martins
The art of handcrafted furniture.

Although Keystone Collections has been a premium case goods manufacturer for 28 years, it is likely that you are unfamiliar with our designer selections. Keystone Collections does for case goods what you have done with upholstered furniture - dramatically create any style by changing finishes, fabrics, and hardware. We are the only USA manufacturer to offer thousands of different finishes that can be applied to any solid wood furnishing you select. We are your one-stop source for premium wood furnishings for the bedroom, dining room, or living room.

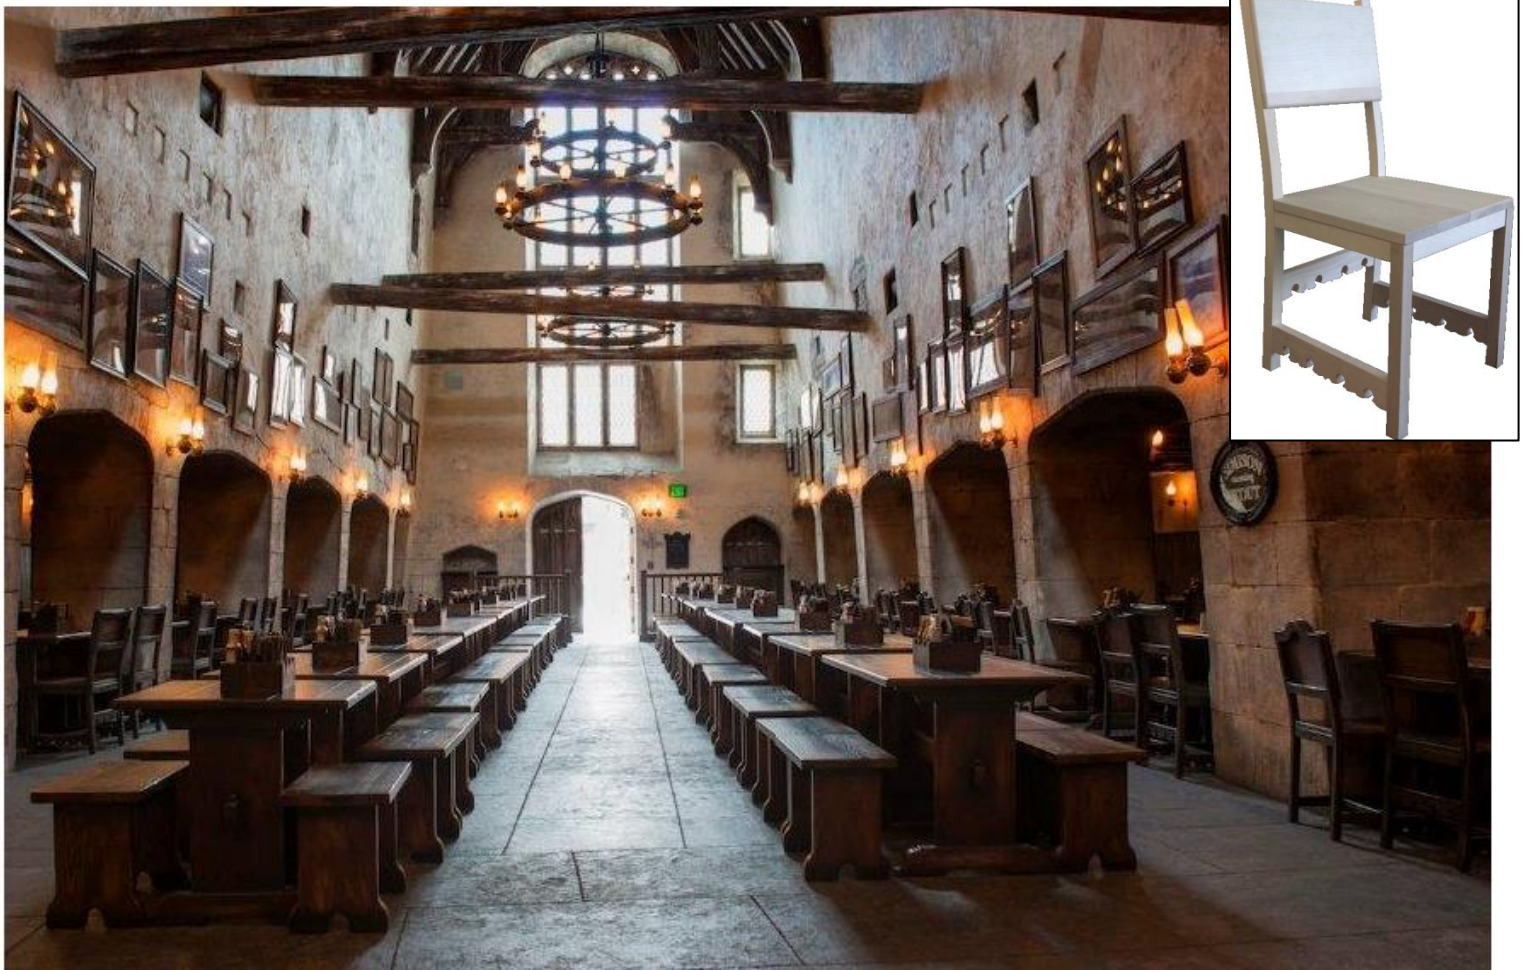

Keystone Collections offers exceptional customization services with designer choices for residential and commercial projects to create the one-of-a-kind furnishings you expect.

We speed your project by dramatically reducing your hours spent scouring catalogs, websites, and walking miles and miles looking for furnishings that meet the stringent demands of your client project.

We recognize you as a premium design services center that is local to our manufacturing plant. Right now we are producing hundreds of items showcasing all styles and tastes for bedroom, occasional, accent, and dining furnishings.

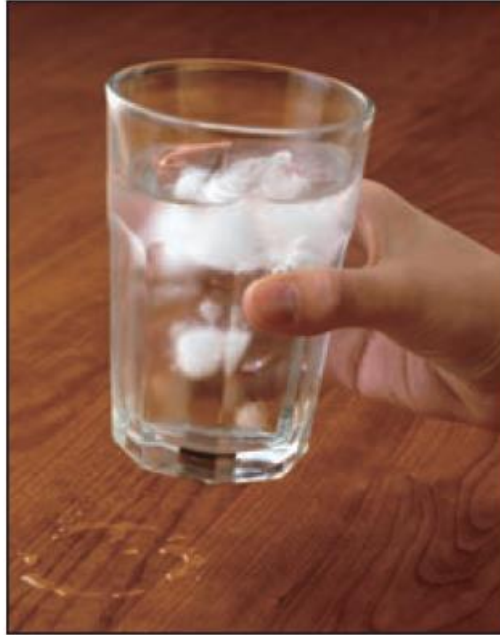

Your visit would also include a tour of our state of the art manufacturing and finishing plant, a question and answer session. Keystone Collections provides more tools and millions of standard options that exceed the customizability of most every other USA manufacturer.

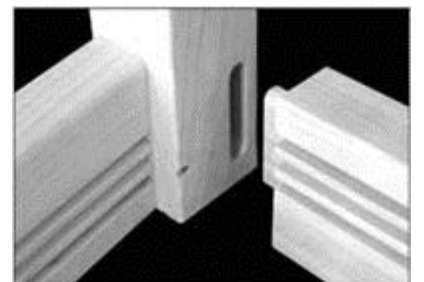

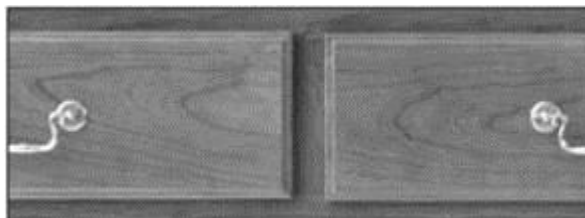

One of our latest projects was for NBC-Universal Studios, where we produced the seating for the new Leaky Cauldron venue of the Harry Potter park in Orlando, Florida. Keystone Collections has worked with NBC for projects all over the world.

Keystone Collections is for those seeking premium service, features, and style:

- 1) Made In The USA for 28 years.
- 2) Family-owned and operated.
- 3) Uncompromising quality (even in hidden areas). Shortcuts are not taken.
- 4) Lifetime Warranty- even on chair joints.
- 5) The most durable dining chair construction method found anywhere.
- 6) Ergonomic design of all dining chairs that are always comfortable.
- 7) Designer-friendly options for upholstery, hardware, lighting, door and drawer configurations, dimensional changes, and much much more.
- 8) Any finish style is available on any furniture design.
- 9) Create your one-of-a-kind furnishing instead of hunting for it.
- 10) Full customization, commercial design, contract furniture manufacturing, and custom finishing services.
- 11) A Signature Line where everything is built-to-order and signed by your craftsman.
- 12) Full extension, self-closing, soft closing, hidden drawer slides rated for 100,000 cycles.
- 13) Perhaps the clearest and most refined formal catalyzed varnish finish available in the USA.
- 14) All furnishings offer extreme resistance to water-staining.
- 15) Guaranteed completion dates for orders or we will gladly pay the freight expense.
- 16) Personalized design and consultation service.
- 17) Fantastic sales and marketing tools.
