## **Judith Leiber Couture and Theodore Alexander Unveil Stunning Furniture Collection**

**(New York, NY) – (April 12, 2024)** – Judith Leiber Couture, a global luxury brand, today announced a long-term partnership with Theodore Alexander, a leading name in home furnishing products, to design, manufacture and distribute the brand’s inaugural furniture collection. The designs, which are a nod to the Judith Leiber Couture’s iconic aesthetic and revered craftsmanship, will debut at High Point Market from April 12th to the 17th.

The product range will showcase sophisticated styles with luxurious statement pieces that are tailored to individuals who embrace an elegant lifestyle. Through signature Mink and Martini oak finishes, the collection embodies the essence of Judith Leiber Couture while delivering pieces with a modern twist. The details in the furniture pay homage to the signature bags through elements such as brass and mother-of-pearl accents.

“Furniture and home decor are a natural extension for Judith Leiber Couture,” said Judith Leiber Couture’s Creative Director Dee Ocleppo Hilfiger. “We are thrilled to partner with Theodore Alexander to celebrate our new collection as they are leaders in the home furnishings industry.”

The home collection includes more than 30 pieces, each meticulously designed to represent the Judith Leiber Couture’s connection to creative craftsmanship. With accents such as hand-painted embellishments and polished brass, the collection includes bedroom furniture, sofas, dining tables, accent tables, chairs, credenzas and etageres. From the chic Marquise Sculptural Sofa to the Pavé Swivel Chair, every item was created to be a sophisticated conversation piece.

“The home industry has long recognized the interwoven dance that fashion and home play in our creative designs,” said Theodore Alexander President Ed Teplitz. “This collection brings those commonalities to reality by uniting the creativity of two beloved brands to release an exquisite collection for our loyal and discerning clientele. To say we are proud of the result is an understatement.”
