FOR IMMEDIATE RELEASE

FROM CURVES TO COMFORT: HICKORY WHITE'S FALL 2024 INTRODUCTIONS SHINE

HIGH POINT, N.C. – This October, Hickory White is set to unveil a new collection featuring a blend of glamorous curves, Art Deco-inspired case goods and upholstery frames and pieces that embody a collected-over-time feel.

One of the trends on display is the use of eye-catching curves. Emphasizing fluid lines and rounded silhouettes, this season's designs exude sophistication like the **6803-05 Baxley Sofa**. A beautiful blend of elegance and comfort, the Baxley Sofa features a single bench cushion that is 96 inches long, providing generous seating space.

The use of gentle curves continues with the **755-20 Evie King Bed**, which blends European-inspired elegance and modern design. Its shaped headboard with soft curves adds a touch of refinement. The bed features round tapered legs, providing a sleek and stylish foundation.

753-60 Margot Chest – The Margot Chest embodies European elegance with its serpentine drawer design. This 3-drawer chest features custom teardrop ring pulls in Satin Brass. The soft-close drawer glides ensure smooth and quiet operation. Crafted from a stunning olive ash burl, the unique shape and rich wood grain make this chest stand out.

Architectural elements such as arches and intentional curves add a sculptural quality to this season's introductions, making the **613-32 Ravalli Console** a true statement piece. This hand crafted console table features a classical arch design complemented by proportionate, tapered posts and legs.

HICKORY WHITE®

Emphasizing Hickory White's commitment to artistry and individuality, the collection includes hand-painted pieces like the **263-60 LL Rives "Check Mate" Design** that are truly unique. A new addition to the **hand painting program**, this design features a striking black-and-white pattern reminiscent of a chess board across the drawer fronts with contrasting metal hardware.

Drawing inspiration from the opulent Art Deco era, pieces like the **753-22 Layered Lamp Table** offer a modern take on classic staple. Nicely scaled and multi-tiered, this lamp table features champagne metal trim and tapered legs. The varying levels of the tabletop and walnut veneer provide a unique but familiar look, making it a perfect complement to any living room.

Hickory White also introduces the **753-21 Travers Spot Accent Table**. This narrow end table boasts a unique cone-shaped base, meticulously crafted from mixed metals. The top features a sophisticated blend of bronze with satin brass inlay, converging elegantly at a central circle, creating a captivating focal point.

Hickory White is also introducing three beautiful new swivel chair styles to their product lineup.

1. Shown on the far left is the **6800-01S Beckett Swivel Chair** – a blend of modern style, this swivel features a tight back and a vertical quilted pattern on the seat back.
2. Shown in the middle is the **L6802-01S Wilder Swivel Chair** featuring a tight back and a quilted pattern in leather on the seat and back. Designed as a standard swivel chair, it offers comfort and functionality, making it an ideal choice for modern interiors.
3. Completing the trifecta is the **6801-01S Laughton Swivel Chair**, a contemporary design perfect for any modern living space. This chair features a tight back and contemporary arms, providing a sleek look while the swivel base adds versatility.

Styled for Hickory White's REVIVAL 81 Collection, the modern **613-26 Raleigh Spot Table** features an black textured metal base with a light Travertine "bowl" on top. The base boasts three elegantly crafted legs, attached at the center and arching up to meet the metal at the bottom of the bowl.
