## Stephanie Parisi Collections Speak to A New Language of Design...

(Rancho Santa Fe, CA) September 10, 2024 – Stephanie Parisi Studio ([stephanieparisistudio.com](http://stephanieparisistudio.com)) introduces the Stephanie Parisi Collections, (<https://stephanieparisistudio.com/shop-collections#about>) a fusion of furnishings, art and sculpture that transcends traditional design boundaries to create transformative living spaces.

These collections explore how intuitively designed furnishings backed by scientific research, captivating art, and thought-provoking sculptures can weave together to create environments that not only please the eye but also nourish through comfort and invigorate the mind.

“Through research and medically advanced body scans, tests and analysis, science is catching up to our creative intuition and offering elements we can include to enhance and transform our living spaces,” said Parisi. “As designers, we think of this as a visual language full of wisdom and intelligence which when woven into our designs enhances our well-being experience.”

With an innate passion for tapping into sensory and emotional resonance of environments, Stephanie Parisi has seamlessly blended her interests in wellness living and background in psychology to become an internationally recognized interior designer who envisioned the development and launch of these new collections. The launch of Stephanie Parisi Collections seamlessly extends the legacy of the studio's reputation for thoughtful transformative lifestyle experiences.

Stephanie Parisi Collections debut at Highpoint Market, showroom IH502 – IHFC, Floor 1.

### CURVES TABLES

At the heart of the CURVES TABLES lies a captivating narrative of tranquility. The focal point is its flowing asymmetrical SHAPE which draws the eye and evokes a sense of graceful, calming motion. The subdued COLOR palette with its neutral tones, infuses the piece with a sense of balance, peace, and harmony. An artful fusion of form and function create an atmosphere of serenity.

## SERENITY SOFA

Inspired by the gentle ebb and flow of rivers, our Serenity Sofa embodies serenity in both name and form. A study in biophilic and wellness design research, this sofa transcends mere furniture and offers a sensory experience. The soft tactile MATERIAL soothes the eye creating feelings of comfort. The organic BIOMORPHIC SHAPE instills feelings of contentment and captivates not only visually but on a sensory level.

## SUSPENSION CONSOLE

Our Suspension Console stands as a testament to the marriage of design and science, making it a true performance piece. Crafted from wood, the rectangular horizontal SHAPE exudes a sense of calm and strength. Wood, known for its soothing properties, acts as an anti-anxiety agent, promoting relaxation. The steel cradles and connectors reinforce the idea of support offering a sense of stability to the piece.

Stephanie Parisi, founder and creative director of Stephanie Parisi Studio

## ABOUT STEPHANIE PARISI

Stephanie Parisi, founder and creative director of Stephanie Parisi Studio, has created a body of work ranging from luxury homes to hotels and restaurants in styles from contemporary to eclectic. Her scope encompasses both interior design and specialized home products including furniture, textiles and accessories in her Stephanie Parisi Collections.

Parisi's formal education includes training in both fine arts and psychology culminating in a Master's degree thereby furthering her understanding of how people respond to environments. Her work has been featured in Architectural Digest (AD), AD Italia, AD France, AD Middle East, Fores, InStyle Elle Decor and others.
