We're thrilled to be debuting our collection at the High Point Market, giving our customers an opportunity to see first hand the quality and craftsmanship of our work. Our goal is not only to provide exclusive, customizable pieces, but to do so in the spirit of partnership and collaboration....jointly fulfilling the vision for each client's/customer's home...be it working with a designer or shopping in a store where our collection is represented.

LDN promises a warm welcome to their Suites at Market Square showroom, where you can, *from the comfort of British Made Chesterfield Sofas*, peruse the collection and enjoy refreshments as you get to know the collection and the people behind it.
