DOMICILE 2.0

Domicile 2.0 represents a sophisticated evolution of the highly acclaimed Domicile Collection, a collaboration by Bolier & Co and renowned designer Michael Vanderbyl. This new iteration strategically expands upon the success of the existing Domicile Collection and caters to the evolving tastes of contemporary consumers who seek a more modern aesthetic for their living spaces. The essence of Domicile 2.0 lies in seamlessly blending American modern design principles with the refined aesthetics of Scandinavian and European design.

Comprising an extensive array of furniture pieces, the collection includes lounge and sofa groups, coffee tables, occasional tables, and an assortment of storage cabinets, all meticulously crafted to align with the demands of today's dynamic lifestyles. Domicile 2.0 transcends boundaries, seamlessly integrating into living rooms, dining areas, and bedroom suites. Material choices further elevate the collection's allure, with options ranging from sleek stainless steel, timeless bronze, and pristine white Carrara marble to two distinct wood species – a rich black oak and an elegant white oak. This comprehensive and contemporary furniture collection redefines interior spaces, offering a harmonious blend of form, function, and style that resonates with the discerning tastes of the modern homeowner.

## Curved Series

Introducing the Curved Series, a new addition to the Domicile 2.0 sofa collection, where comfort meets architectural finesse. Our curved sofa, sectional, and armchair feature tufted upholstered backs with gentle curvature for both comfort and support. With clean lines and stainless steel legs, this collection effortlessly blends modern simplicity with refined design, seamlessly complementing the existing Domicile 2.0 collection.

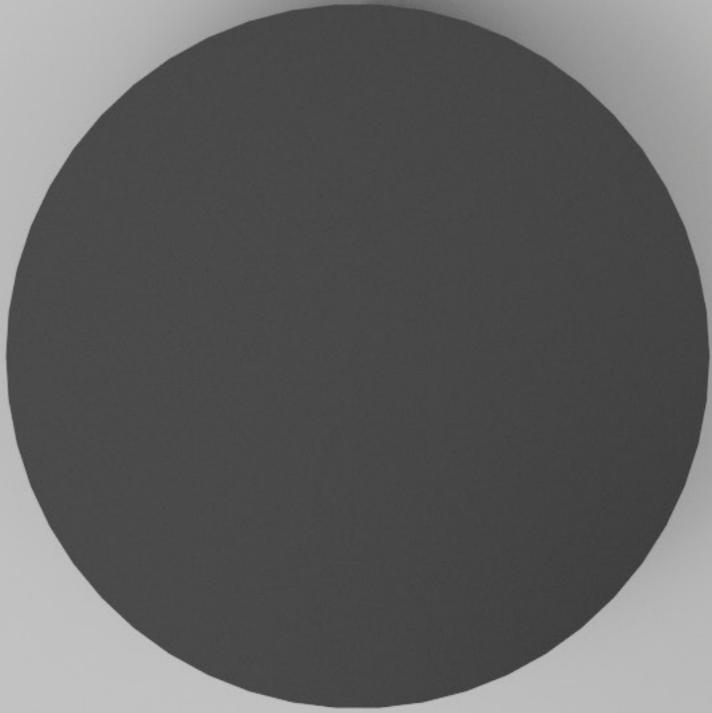

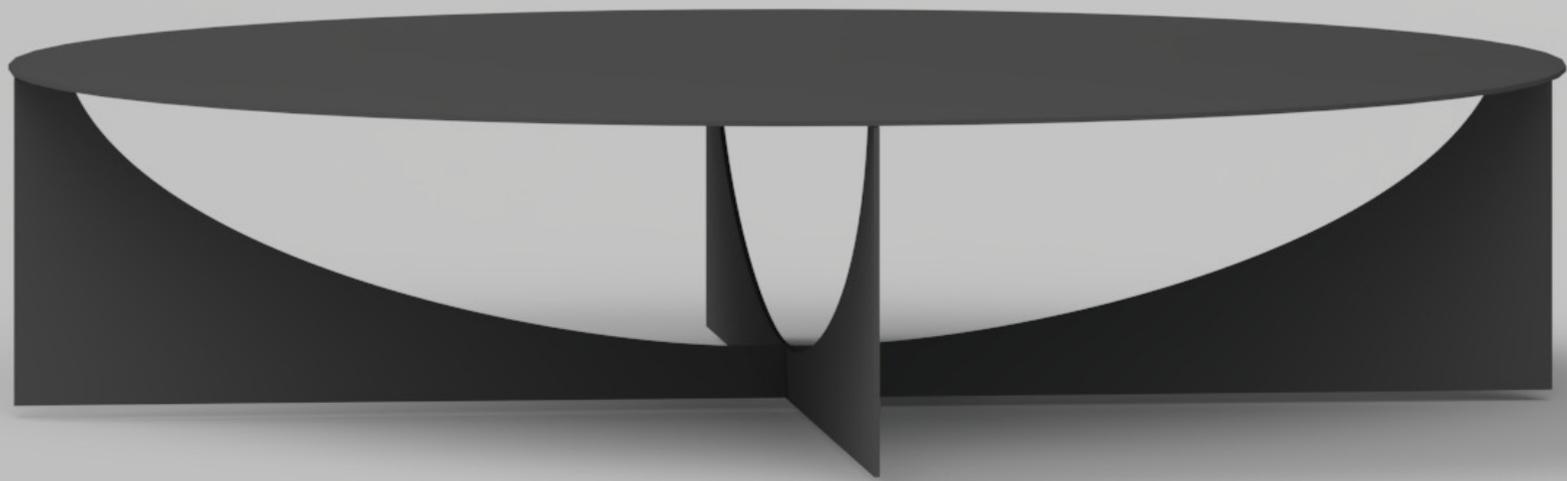

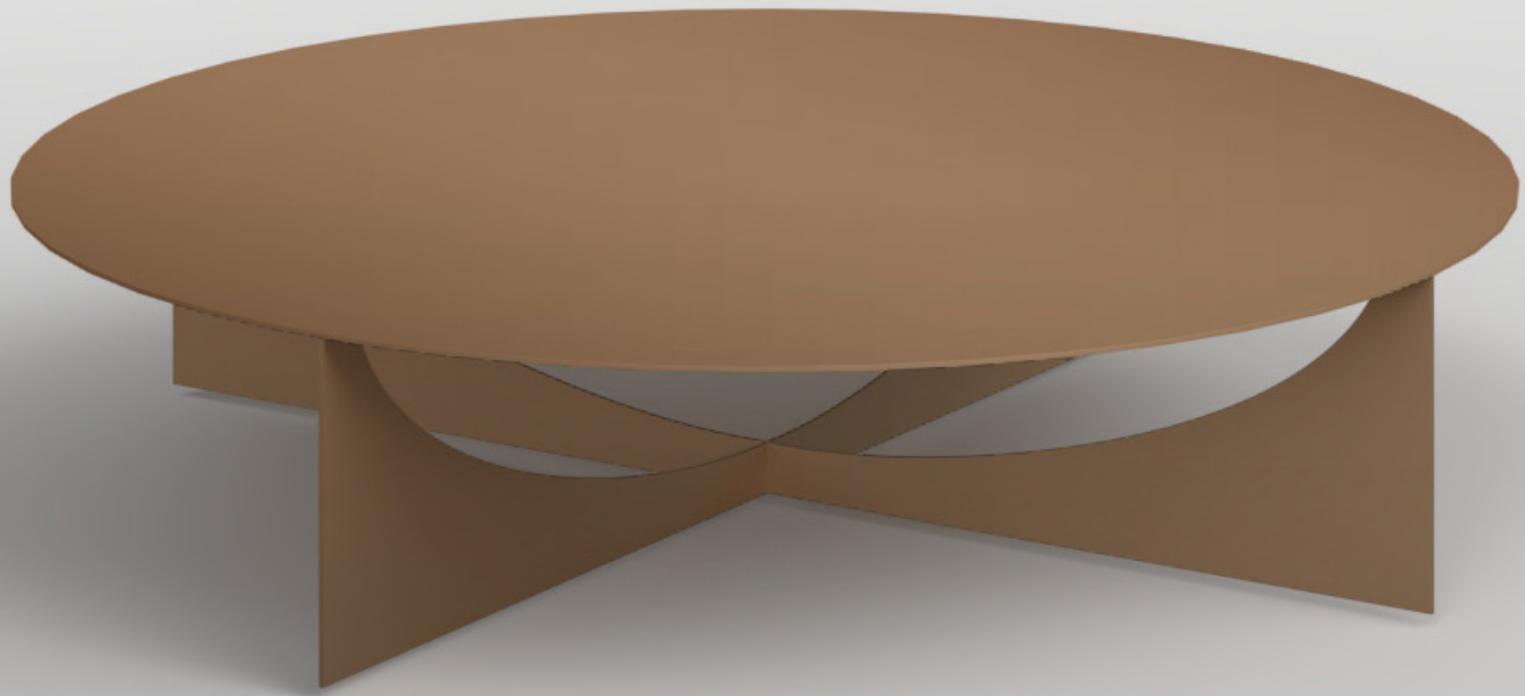

## Kalder Coffee Table

The Kalder Coffee Table is a reference to Mid-Century art and architecture. The Kalder Table is Inspired by architect Eero Saarinen and sculptor Alexander Calder. Its thin, elegant scale lends itself to contemporary and traditional interiors. The form makes a sculptural statement in any space.

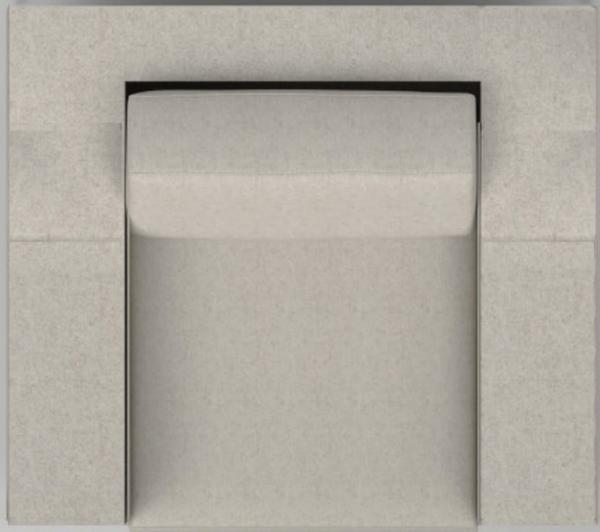

## Square Collection

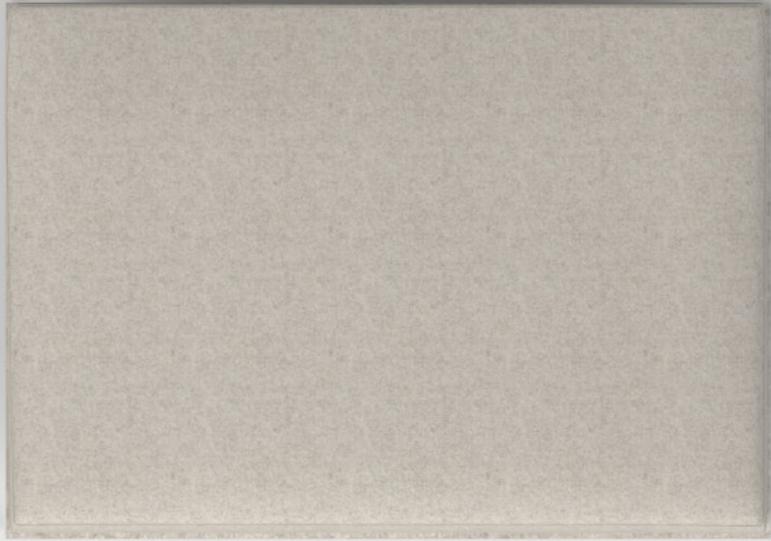

The Square Collection includes a sofa, club chair, and ottoman, characterized by clean, bold, and modern architectural lines. The Collection's wide and deep profiles provides ample relaxed seating space, while the wide armrests provide a comfortable moment for conversation. The Ottoman completes the collection, providing a multifunctional piece that can serve as a footrest, extra seating, or a convenient surface for trays or decor. Supported by sleek metal legs, the Square Collection combines durability with an elegant look, making it a perfect addition to any living room setting that blends well with today's modern interiors and other Domicile 2.0 pieces.

## The Alicia Lounge Chair

The Alicia Lounge Chair features a modern, minimalist Mid-Century design. Its smooth, curved seat and backrest provide ergonomic comfort and an elegant appearance. The chair sits on a unique, four-leg stainless steel swivel base, offering both stability and a subtle geometric accent. The overall design balances simplicity and sophistication, making it suitable for a variety of modern interiors.

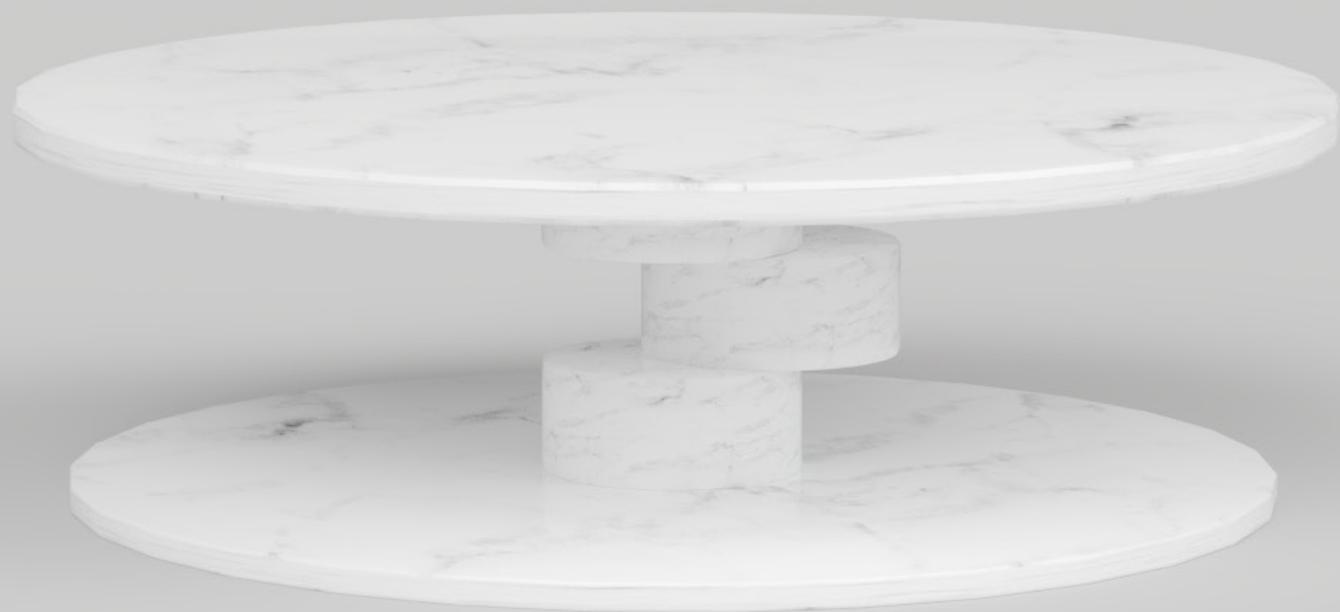

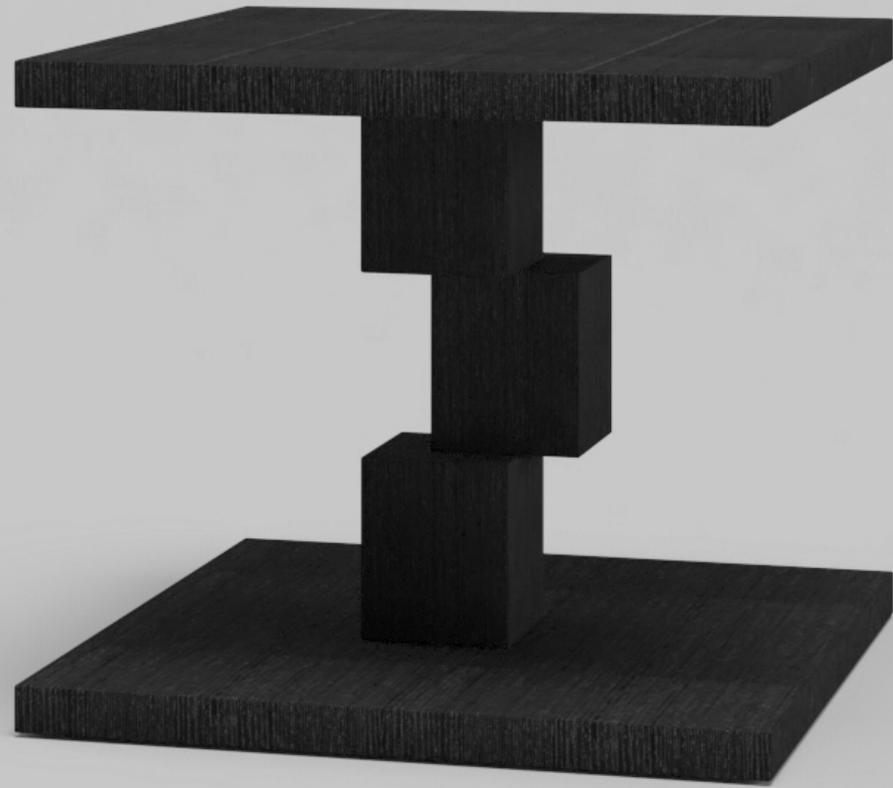

## Broken Column Tables

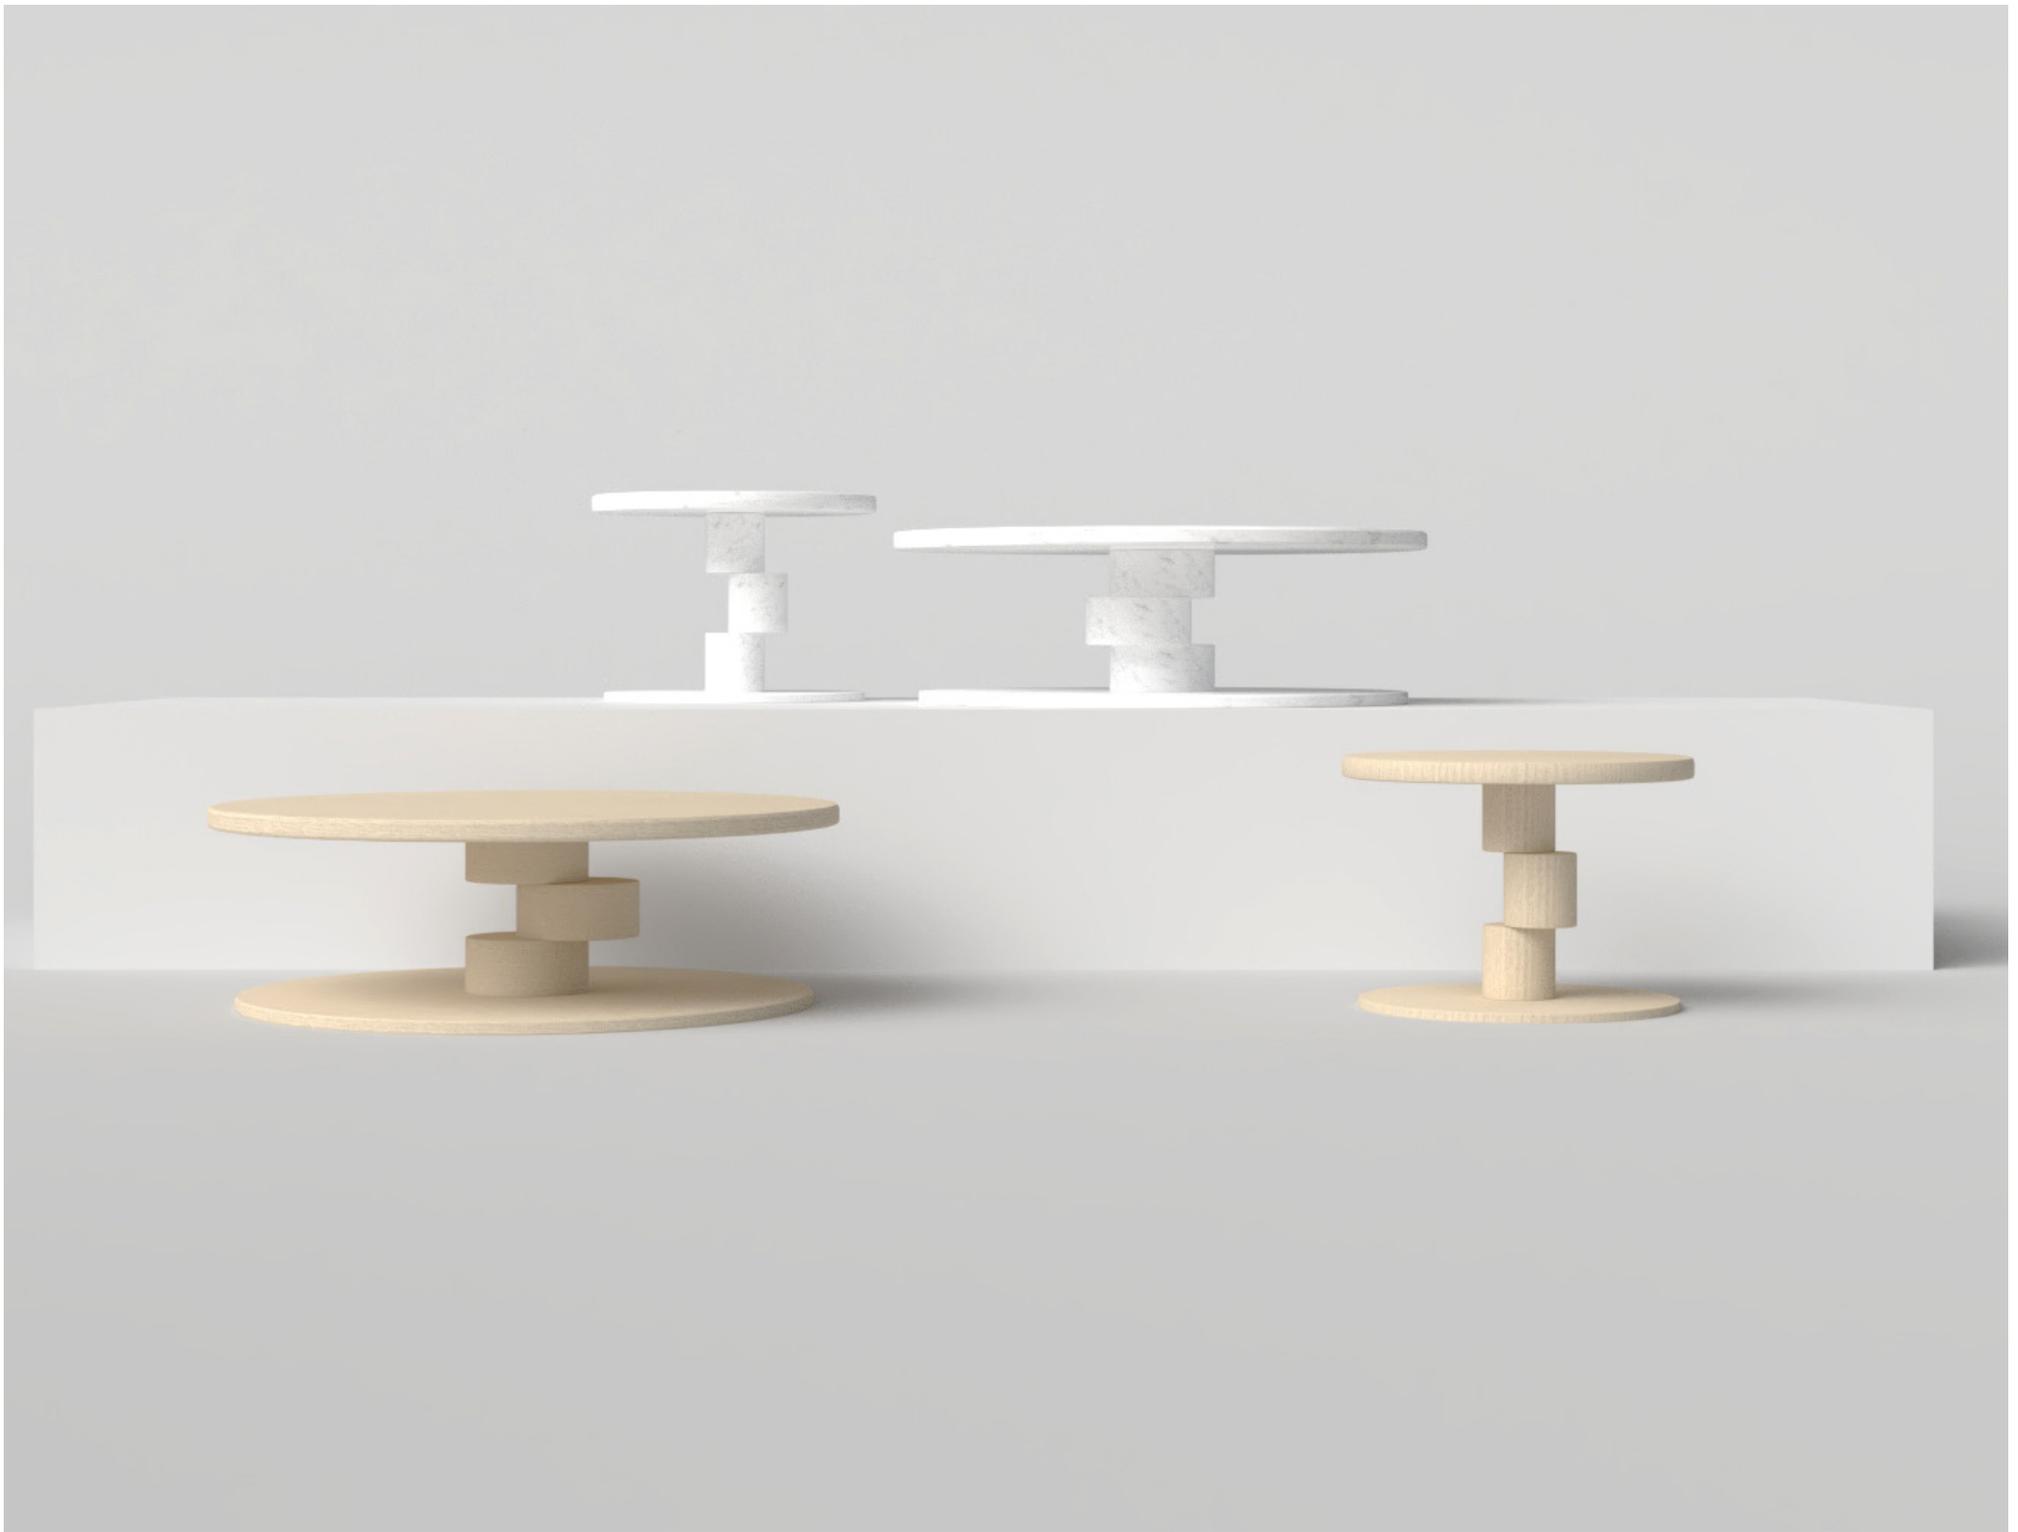

The Broken Column Marble Coffee Table embodies a striking balance of elegance and modernity. This table features two round marble surfaces, one serving as the tabletop and the other as the base. A unique cylindrical support structure between them mimics the look of a broken or segmented column, creating a visual illusion of floating layers. The marble's natural veining adds a touch of luxury and sophistication, while the clean, minimalist lines ensure it fits seamlessly into contemporary interiors. Also available in Domicile wood finishes as a square or round table, this piece is both a functional coffee table and a sculptural work of art.

## Judd Bed

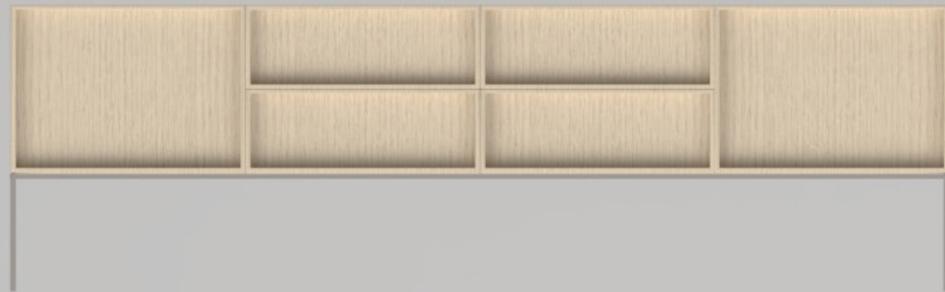

This contemporary four-poster bed exemplifies modern architectural design through its clean lines and minimalist aesthetic. The frame, constructed from wood, creates an open and airy canopy that contrasts elegantly with the upholstered headboard and base in a neutral fabric. The bed's design merges form and function, providing a sense of structure without overwhelming the space. The simplicity of the geometric frame and the understated elegance of the materials make this bed a versatile piece, suitable for a variety of modern interior styles. The Judd Bed is available in all Domicile finishes.

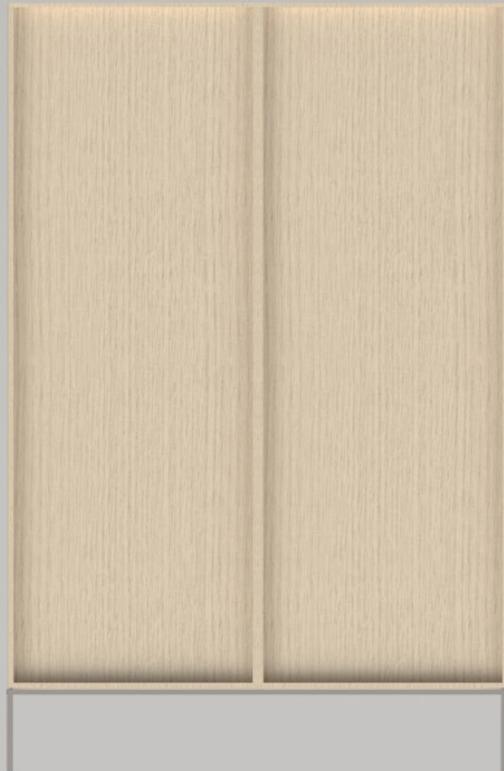

## Linear Collection

The Linear Collection is a series of meticulously designed furniture pieces that epitomize modern Scandinavian minimalism. This collection includes a sideboard, cabinet, armoire, and dressers, each crafted with clean lines and a sleek aesthetic. A hallmark of the Linear Collection is its seamless design, featuring recessed finger pulls within the panel doors that eschew visible hardware for a smooth, uninterrupted surface. The wood finish enhances the collection's airy and natural feel, while the elevated metal legs provide a subtle contrast and a sense of lightness. This blend of functionality and refined simplicity makes the Linear Collection a perfect addition to contemporary living spaces, embodying the essence of modern Scandinavian design principles.

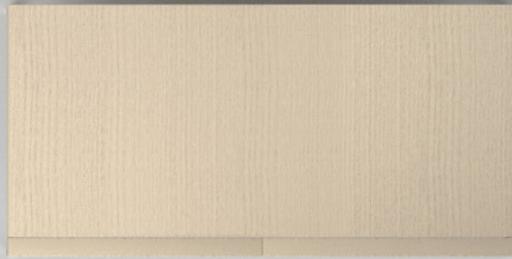

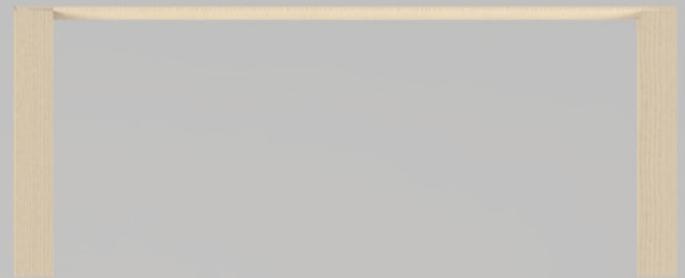

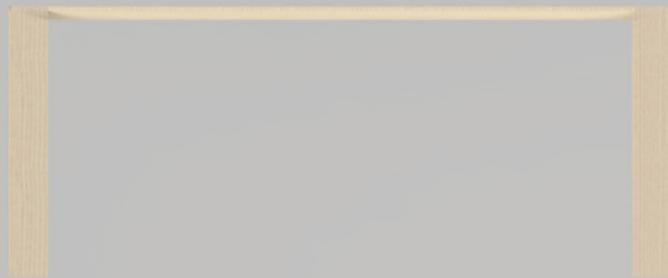

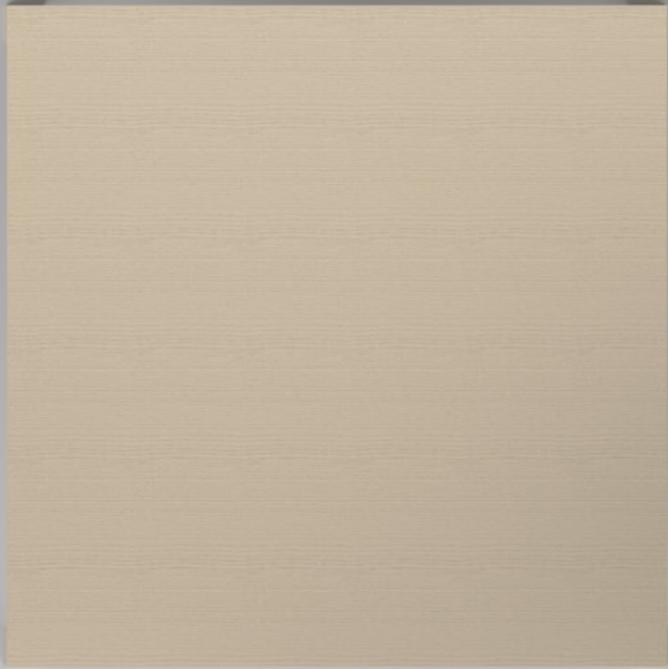

## Bevel Dining Table

The modern and minimalist Bevel Dining Table is characterized by its clean lines and precise craftsmanship. The table features a sleek, rectangular tabletop with gently beveled edges that add a subtle touch of sophistication. Supported by four sturdy, triangular legs that echo the elegant bevel of the tabletop, the table exudes a sense of balance and stability. Crafted from wood, the Bevel Dining Table showcases the natural beauty of the material, emphasizing its texture and grain. The design is both functional and elegant, making it a versatile addition to contemporary dining spaces, where it can serve as a centerpiece for gatherings and daily use alike.

## Alicia Dining Chair

The Alicia Dining Chair is a refined extension of the Alicia Lounge Chair, designed to complement the Bevel Dining Table seamlessly. This chair features a gently curved seat and backrest, upholstered in fabric that enhances its ergonomic comfort and inviting appearance. The design echoes the lounge chair's aesthetic, with smooth lines and a minimalist form. Four tapered wooden legs provide sturdy support while maintaining a light and airy feel. The Alicia Dining Chair embodies a modern Scandinavian style, blending elegance and functionality. It is an exceptional side chair or the perfect pairing for contemporary dining spaces, harmoniously matching the Bevel Dining Table.
