**Leftbank Art Launches Custom Mirrors and Dimensional Wall Art at Spring 2025 High Point Market**  
**Made-in-USA Wall Decor Solutions for Designers, Furniture Retailers, and the Hospitality Industry**

**LA MIRADA, CA (April 14, 2025)** – Leftbank Art, a leading U.S. manufacturer of **handcrafted, made-to-order wall decor and custom artwork**, is proud to unveil two major new product categories at Spring 2025 **High Point Market**: a fully customizable **Mirror Collection** and a highly textural **Dimensional Art** line. Designed for residential, commercial, and hospitality interiors, these launches reinforce Leftbank Art's reputation as a go-to resource for **elevated, trend-forward, and customizable wall art**.

Showcased at Leftbank Art's High Point showroom ([IHFC - H304](#)), the Spring 2025 launch supports the needs of **interior designers, furniture retailers, and hospitality professionals** seeking unique, made-in-the-USA solutions that marry artistry with performance.

## Reflecting Innovation: Leftbank Art Mirrors

At the heart of this season's debut is the new **Mirror Collection** — a natural extension for a brand celebrated for artistic wall decor. Leftbank Art brings creativity to reflective surfaces, blending artistic vision with high design functionality.

The collection features three core categories:

- **Mirror Art**: Fusing fine art with mirror panels to create dimensional, gallery-worthy pieces.
- **Printed Art on Mirror**: Vivid fine art imagery printed directly on mirrored surfaces for a dramatic, layered look.
- **Custom-Framed Standard Mirrors**: Offered in a variety of shapes, sizes, and fully customizable frame styles — including a **Quick Ship program** that delivers select options in as little as **nine business days**.

"Our new Mirror Collection represents an exciting chapter for Leftbank Art," said **Frankie Daniel**, Creative Director at Leftbank Art. "Mirrors bring an entirely new layer of functionality and beauty to our offerings — allowing us to fuse art with reflection, texture with light. We are thrilled to provide our customers with customizable options that support both their creative vision and their project timelines."

Each mirror is **handcrafted in the USA** and available with **lead times ranging from 2 to 4 weeks**. With a wide range of finish options and frame styles, these mirrors offer practical and visual impact — ideal for interior design projects, furniture showroom vignettes, and commercial installations.

## Adding Depth: Dimensional Wall Art for Design-Driven Interiors

In addition to mirrors, Leftbank Art is also launching a collection of **Dimensional Wall Art**, designed to bring texture, form, and movement into any interior. Perfect for luxury homes, hotel lobbies, model residences, and high-end retail displays, this collection explores layered construction and sculptural design.

With organic shapes, tactile materials, and refined color palettes, the Dimensional Art Collection offers design professionals a fresh take on statement wall decor.

"Art is evolving, and dimensional work offers designers a way to bring depth and movement to

their spaces," added Daniel. "This collection pushes the boundaries of what wall decor can be."

All **Spring 2025** introductions will be on display at **Leftbank Art's High Point Market showroom (IHFC, H-304)**. For all high-res imagery and brochures of each collection listed, please click [here](#).
