FLAMBEAU LIGHTING HAS MOVED SHOWROOM!

Flambeau Lighting has moved High Point showroom from 200 N. Hamilton to exhibit at Booth G-7059, Suites at Market Square. Famous for its New Orleans designs that add a touch of intrigue and whimsy to any room, Flambeau can now be found under the new umbrella brand, Lucas + McKearn.

This new brand was formed when Flambeau's owner, Joe McKearn partnered with UK lighting company owners Jonathan and Deborah Lucas in the fall of 2016. The British husband and wife team run Elstead Lighting, a near 50 year old lighting fixture manufacturing and design company from the country village of Alton in the South of England. Under this new brand, Flambeau's stunning and creative pieces are available side by side with new product from Elstead Lighting, as well as popular and exciting new product from Flambeau's sister brand, Gilded Nola.
