

EQ3 Spring/Summer 2018 Collection

FOR IMMEDIATE RELEASE – CANADA– The EQ3 Spring/Summer 2018 collection presents an assortment of pieces inspired by mid-century female designers consisting of a palette contrasted by bold monochromatic textiles, diverse materials and simple shapes.

The anchor of the new collection is the re-released Replay Sofa, first introduced in 2002. While the new Replay includes elements of the classic, such as the organic shape and curved back, its defining qualities have been completely re-envisioned. The new Replay debuts a design that combines foam and feather, with a unique flexible back and a slim frame lifted on solid wood legs, conveying a light and elegant appearance. Designed by EQ3 and made-to order in Canada, the Replay is customizable in 130 fabrics or leathers with multiple sectional configurations to fit any home.
