### **DORYA REVEALS NEW STUNNING SHOWROOM FAÇADE**

Dorya showcases its new 330 N. Hamilton location with a spectacular backlit glass façade that prominently displays its state of the art 10,000 square foot showroom with an ingenious flair. The transparent design incorporates a few layers of glass with cane webbing designs marks Dorya's second market in the 330 N. Hamilton space and seventeenth market in High Point's Hamilton-Wrenn District.

Multiple layers of glass are amplified with LED lights that reflect off the accented stainless steel fin wall system. The seamless connect glass with fasteners is highly

visible with uninhibited views to maximize brand awareness. The global brand Dorya will install a variation of the facade for its new Flagship store in Istanbul in May 2018.

The highbrow fashion trend facade is a new-fangled look for High Point Market exhibiting a captivating overture for the unmatched quality and style of the Dorya brand.
