

**COUTURE Jardin**  
**is celebrating this year its 10th anniversary!**

While the company cannot talk about tradition yet, it can pride itself for having established, in a short time, a respected brand of contemporary outdoor furniture.

Thanks to its unique and authentic designs, COUTURE Jardin has garnered several international awards over the years and is now sold in over 35 countries and counting.

COUTURE Jardin's father and son team is, more than ever, fully committed to keep building their company as a major player in the outdoor furniture world, for the next 10 years and beyond.
