

Performance Fabric And Leathers Star in Spectra Home's High Point Market Lineup

High Point, NC, June 5, 2021 – Durable, cleanable, and pet/family friendly are the most often requested traits that consumers look for in upholstered furniture. Comfort and style are two other important qualities. [Spectra Home's](#) new showing of performance fabric and high-quality leather upholstered sofas and chairs checks all the attribute boxes that buyers want. See the new upholstery in the Spectra Home showroom, 200 N. Hamilton #213, at the June 5-9 High Point Market.

"Today's consumers are interested in furniture that is easy to care for and continues to look good even though it is used every day," commented Jim Telleys, Spectra Home's senior vice president. "Indoor performance fabrics have greatly improved over the past few years. They are softer, much more resistant to dirt and are easy to clean. Our [performance fabrics](#) and premium [Spectra Leather](#) sofas and chairs can stand up to daily pet paws and sticky fingerprints and still look good for evening entertaining."
