Thank you for spending a little bit of your time with our newest Temple and Parker Southern pieces.

Since 1962, Temple has been owned and operated by the Parker family. Our main goal is to provide quality furniture and great customer service. We offer a wide variety of traditional and transitional cutting edge designs at a value for our customers.

Parker Southern was founded by one of the Parker third generation children in 1991. In 2003, Parker Southern became a part of the Temple family as their sister company. Every detail, from comfort and durability to design and aesthetics are considered when producing furniture in both facilities.

With the challenges many have been and still are facing this year, our new introductions have been limited so that we may focus the bulk of our attention and manpower on filling our current orders.

With that in mind, we are very focused on fabrics and furniture pieces that are cleanable and durable but still hold on to the comfortable and stylish ideal that Temple Furniture | Parker Southern is known for.

Thank you!
