Can you reproduce that? Of course
it’s very bold to say such a thing,
but I still dare to ask it sometimes.”**

- Artisan, Jan Lambrechts

Seating

From sunrise to sunset, whatever the function, we'd gladly provide the support you need throughout the day. Our seating options consistently combine comfort and timeless design, allowing you to enjoy them for many years.

Osso is one of our most popular designs because of its versatility. The height of this solid oak counter stool adds yet another option to its wide array of possibilities - as an elegant and sturdy kitchen stool for example.

Beautiful from every angle, luxuriant shapes and curves form the basis of the Jack lounge chair. Its clean lines are inspired by Scandinavian modernism, while the preciousness of the rosewood reinforces a classic, vintage, feel.

Storage

Designed with both function and character in mind, our sideboards and cupboards offer plenty of storage space and add elegance to any room. Any decorative objects you want to store and display? Our racks form an aesthetic framework for your most beloved possessions.

An angular composition, designed by Alain van Havre, forms the heart of a design that aims to distance itself from traditional static and immobile surfaces. A unique sense of volume is created which alters your perception of the sideboard as you walk by.
