

FOR IMMEDIATE RELEASE

GREENINGTON WINS ISFD PINNACLE AWARDS

KENT, WA - (November 2020): Sustainable bamboo furniture manufacturer Greenington has been awarded two 2020 ISFD Pinnacle Awards for furniture design.

Greenington is honored to join the ranks as a 2020 award-winner with its Danica chair, in the category Stationary Upholstery - Broad Appeal: and for the Park Avenue dresser, winning the award for Bedroom – Broad Appeal. Both Danica and Park Avenue are designed by Shenxing Liu for Greenington Fine Bamboo Furniture.

“Both Danica and Park Avenue are high-performance consumer products, integrating rapidly renewable solid bamboo with minimalist design to encourage sustainable living.” commented Shenxing Liu.

The International Society of Furniture Designers (ISFD) is dedicated to excellence, innovation, education, and originality in the practice of furniture design; and serves as the unified voice of the furniture design community, always advocating professional practice and integrity.

About Greenington: Greenington is a sustainable furniture manufacturing company focused on creating beautiful and high-quality furniture using one of the earth’s most sustainable resources, bamboo. Fixed on quality, Greenington cuts no corners, while staying true to their sustainable mission, following strict international standards and guidelines, and maintaining a zero-waste manufacturing process.
