**The ARTS Awards**, developed by the non-profit ART and produced by Dallas Market Center, is a peer nominated program with ballots submitted online from April to June each year. Anyone in the home accents industry can participate and submit multiple ballots to nominate in several categories. Self nominations are not accepted. Nominees and finalists are not required to exhibit in Dallas or belong to ART.

After finalists are determined by an industry nominating committee, the final list of companies and individuals are announced in August and submissions for judging are due in November. The presentation submissions are 100% digital. The judges independently review and score each submission on criteria established by the ARTS Awards committee. The 5 judges represent various industry backgrounds and a 6th judge representing the Sustainable Furnishings Council reviews the manufacturer presentations to determine the Green Award winner. The scores are tallied and the winners in each category and the annual Academy of Achievement are announced in January during the Dallas Total Home & Gift Market.
