BDI Rounds Out Cloud 9 Collection with New Console Table

New Addition Extends Cloud 9 Collection of Lift and Occasional Tables

CHANTILLY, Va. — Oct. 21, 2022 — **BDI**, a premiere furniture designer and manufacturer of office, storage, and entertainment solutions, has added a lofty addition to its popular **Cloud 9 collection** with a new Console Table. Designed by Matthew Weatherly, the Console Table beautifully completes the Cloud 9 collection, which includes a Lift-top coffee table and end table. The new design will showcase at the October High Point Market in BDI's showroom, IHFC Design Center, #536.

“The **Cloud 9 Console Table** makes the perfect addition to the collection and offers a versatile design for many spaces in the home,” said Weatherly. “This elevated console is at home in an entryway, but its slim profile also fits neatly in a hallway or behind a sofa.”

As part of the Cloud 9 collection, the Console Table carries Cloud 9's signature Italian porcelain-top design with rounded edges. Other features include:

- A beautiful, durable surface that is resistant to scratches, moisture, and heat
- A solid steel bar curves to support the table, making for a striking profile
- A weighted base that keeps the table firmly planted on the ground yet easy to move

The Cloud 9 1183 Console Table measures 31H x 50W x 16D in and is available in Alto Grey, Cirrus White, or Nimbus Black Italian porcelain finishes. The Console Table is shipping now and can be found at premier retail stores nationwide.
