

## BRADLEY LAUNCHES NEW COLLECTION AT HIGH POINT SPRING 2023 MARKET

### *Robust Lifestyle Collection Features Luxury Furniture & Wallcoverings*

**High Point, NC (April 18, 2023)** – [BRADLEY](#), a luxury lifestyle company known for its innovative furnishings, wallcoverings and architectural finishes, today announced the launch of its Spring 2023 Collection, featuring 30 furniture pieces and 20 wallcoverings, at the High Point Spring 2023 Market. The collection will be on display at IHFC InterHall showroom IH102.

Influenced by architects and artists of the 1970s, the Spring 2023 Collection includes an assortment of furniture, upholstered sofas and chairs, dining and bedside tables, credenzas, lighting and more. Modernized for the upscale American market today, the collection features an overstuffed puffer, rounded velvet sofa, concrete nesting tables in organic shapes and several chairs including a belted, leather slingseat dining chair. Polished concrete, walnut, velvet, soft leather and linen are some of the materials in application.

New wallcoverings include the Ethereal Murals and Ombre Collections. Inspired by sunsets and palm trees of American coastal regions, Ethereal Murals is based on original oil paintings by artist Donna Hughes. These landscapes are customizable to fit any wall or environment and perfectly suited for both residential and commercial projects. BRADLEY also expands on its popular Ombre Collection with 14 new, compelling gradients. The additions feature trending colors and were developed with the designer in mind. All wallcoverings are fully made-to-order and printed with nontoxic, water-based ink and available on grasscloth, silk, heavy matte paper and ecofriendly type II for commercial usage.

“Two years in the making, we are thrilled to debut this new collection at High Point Market – the first time BRADLEY is exhibiting in five years,” said Michelle Bradley, BRADLEY CEO and Creative Director. “Inspired by both domestic and global travels, and the everchanging world of how people live today, this collection was born from a growing desire to create artistic and colorful spaces.”

BRADLEY is known for its concierge level service and steadfast attention to detail, offering customers the ability to create custom-tailored products with lead times of eight to ten weeks or less. All BRADLEY furnishings and wallcoverings are hand-crafted exclusively in the United States.

The Spring 2023 Collection will also be featured at the BRADLEY Showroom in the Atlanta Decorative Arts Center, suite 315. For additional information, visit [bradleyusa.com](#), [Instagram](#) and [Pinterest](#).
