## JOHN-RICHARD ANNOUNCES OVERHAULED ERP SYSTEM

**High Point, NC – October 1, 2023** – John-Richard, a leading supplier in luxury home furnishings and décor aims to improve their operational efficiency and elevate customer engagement with the announcement of a move to a new cloud-based ERP system in 2024. Infor CloudSuite is a globally recognized leader in Cloud ERP systems with over 30 years of purpose-built development and ranked in the “Leader’s Quadrant” by Gartner, IDC and Nucleus Research. “This end-to-end ERP solution simplifies buying, manufacturing, digital transformation, distribution, and adaptation to give users access to the information they need whenever and wherever they need it.” States Andrea Kimbrell, COO of John-Richard, and the leader of the transformation project. “Moving to the cloud will allow John-Richard to benefit from continuous technology enhancements without disruption, seamless consolidation of disparate systems into a single source of truth and reduce risk with world-class security and uptime. This upgrade will significantly improve the efficiency of the company’s distribution operations by integrating data, streamlining workflow, and enhancing connectivity with other key applications, including the company’s PIM database and its front-end sales application. The resulting boost in productivity will translate into an enhanced customer experience.”

With this advancement, John-Richard is poised for explosive growth and operational excellence in the coming years. As the company continues to evolve, they remain dedicated to exceptional timeless design, superior quality, and service second to none.
