The perfect luxury bedding line that ranges from casual linen to dapper silk velvet, these beds are the gem of any bedroom design project. **Kevin O'Brien** began his career painting fabric almost by accident, and a happy accident it was. To this day, they still use their exclusive hand-painted technique mixing all dyes by hand to create an art piece that will be treasured for years to come.

**Kevin O'Brien Studio's** sister studio in Nepal creates much of the hand-stitched product in the bedding line including Ophelia, Hand Knotted, and Mosaic Collection. In an effort to promote fair trade practices and deliver in a timely manner, the studio stocks small quantities of these lines. Silk Velvet Duvets, Casablanca Velvet Quilts, and Aurora Ombre Linen Duvets are made in the Philadelphia studio by a trusted team of employees.
