**Ave Home Launches AVE Collections**  
**New Orleans based line offers timeless furniture designs**

**New Orleans, LA** - Today Ave Home announces the launch of AVE Collections, a revival of classic furniture designs. Drawing inspiration from a number of design periods, AVE Collections offers a variety of enduring styles, including French Louis XV, Swedish Gustavian, Hollywood Regency, and Mid-Century Modern. The collection makes its debut at High Point Market in April 2016, and will be available exclusively through select showrooms and home boutiques across the country as well as through special order.

Founder Lisa Rickert said, "I want to bring approachable elegance to every piece we create. AVE Collections offers an element of elevation and sophistication. We believe that stylistic range is key."

AVE Collections will include a mixture of occasional, dining and living room furniture in a range of mediums. Each piece is hand crafted by skilled artisans using high-end finish materials and sustainable woods.

"We put an incredible amount of effort into every piece we create. Our goal is to develop collections that are admired and attainable for customers with varying taste. Ave Home prides itself on being able to deliver the highest quality furniture with hand carvings and exquisite finishes that will make any room feel thoughtfully designed" said Rickert.

For the launch of Ave Home at High Point Market, the company is partnering with New Orleans based artist Holly Mabry Poole and lighting designer Julie Neill. The showroom will be located at InterHall 501 (IH501), which is located in the IHFC building. For more information please visit [www.avehome.com](http://www.avehome.com).

###

**About Holly Mabry Poole**

Holly Mabry Poole is a New Orleans native who attributes her creative nature to the city she grew up in. Her paintings focus on symmetry and are highlighted with asymmetrical flares. Her signature gold leaf and bold gold stripes on the sides of each painting makes each piece distinctive and original. For more information please visit [www.hollymabryart.com](http://www.hollymabryart.com).

**About Julie Neill**

Julie Neill Lighting is hand crafted to order in New Orleans, specializing in hand applied finishes based on the time honored techniques of painting, glazing, gilding, plastering, and antiquing. All pieces can be customized to order in any of the signature finishes and custom sizing is also available. For more information please visit [www.julienneill.com](http://www.julienneill.com)
