

Spring Summer 2020

CARE BY ME

a nordic mindful way of life

Smile. Love. Live.

We are entering a new decade and we believe that the world is in more need of love than ever before. We want to embrace people and earth. We want to smile. We wish to share love. And we insist on celebrating life.

In our 2020 collection we continue our journey towards true and beautiful craftsmanship. We introduce you to unique sweaters knitted by hand and handwoven scarves made in the finest hand-spun pure cashmere. Amongst other wonderful news you will also find the most exclusive scarves in felted cashmere – yes...felted. This means that it is first knitted on our old-fashioned handknitting machine, without use of electricity, then felted by hand.

We are happy to witness the growing number of people who care about sustainability – both in regard to our environment and to the people who make our products. When we started CARE BY ME many questioned why it was so important for us to have sustainability as a core part of our brand DNA – now they understand. Every day we see more and more people working for a better world. We are so grateful to be a part of this movement – and we are so grateful that you trust us as a partner in this important matter.

We aim to make long-lasting products that you will love - forever.

Introducing new styles for SS 2020

Our Spring Summer 2020 news includes a number of new, lighter cashmere sweaters, also cashmere in combination with silk, and silk in combination with cotton. All to meet warm days in the most suitable materials.

CAROLINE and COCO are made in silk and cotton and are classic styles to fit into any dream wardrobe. CAROLINE has a very nice lace knitting and buttons in the back.

The CHUCK sweater has lace knitting and the fit is casual and modern - it is made in pure cashmere.

AMARA and AMY are made in 75% cashmere and 25% silk - the yarn has been brushed a bit - and we have never felt anything as soft as this quality. AMARA is an oversized V-neck sweater and AMY is a classic round-neck cardigan.

ROBERTA sweater is a casual, loose-fitting sweater with a raw neckline and a minimalistic lace knit. ROBERTA is made in pure cashmere.

The JOY sweater is made in pure cashmere and is, like the CAROLINE sweater, knitted with a beautiful lace knitting and buttons in the back.

Our VANESSA poncho in wool and cashmere has a beautiful turtleneck with a cable knit pattern.

EVE skirt is made in pure silk and fits very well with all our tops.

Sunil sweater - knitted by hand

We are very pleased to introduce our first sweater knitted on needles by hand in mohair and wool. Meet SUNIL.

The shape is like a bell with a beautiful yoke knitted in half fisherman's rib followed by a plain knit at the bottom and a rib knit at the neckline.

We have seen this kind of shape several places in the past year – but every time we found it too long, too fluffy, or too fragile – now we have made our own and we think it's just perfect – we hope you do too!

The sweater is knitted on size 10 needles and it takes around 3 days to knit it. Then it is steamed, linked together, and packed with love to you.

The labeling in our handknit sweaters is rougher than on our fine cashmere products – this adds a more modern and 'crafted look'.

Scarves in pure cashmere

IDA scarf is woven (not knitted) in pure cashmere and then felted by hand. It comes in two stripes: Black & White and Light Grey & White. The scarf is very light and can even be used indoors when it's cold.

MARIA scarf is knitted on an old fashioned knitting machine, without use of electricity, then is felted by hand. This treatment gives the scarf a unique feel and look. And no two scarves will be the same. All around the edges of the scarf we have small handmade fringes - they give the scarf a modern look and an added touch of texture. MARIA comes in two sizes.

SPUN scarf is woven in pure cashmere that is hand spun. The fact that it is spun by hand makes the thread uneven and this detail gives the scarf a unique and very beautiful finish.
